Hey Alex,

Hope you had a great holiday weekend. Got your voicemail and left you a voicemail as well.

Which detective didn't receive their account invite? Since you're an admin on Portal, you can actually invite Arlington Heights PD users to Portal.

This would be done by doing the following:

1. Log into Portal
2. Click Admin Tools and Select Manage Users
3. Click Add User
4. Complete the information on the pop up window and click submit at the bottom to have their account created

Please let me know if you have any questions!

[**NOTICE:** This message originated outside of Village of Arlington Heights email system -- **DO NOT CLICK** on links or open **attachments** unless you are sure the content is safe.]

Hi Alexandra,

Thanks for the call just now!

Reaching out to confirm that the in-app announcement has gone out and your Neighbors portal features are now fully active. Coordinators and Early Adopters should have received email invitations so they can log in and begin using Neighbors Portal.

PR materials and guidelines below are equally important to team success now that the partnership has shifted towards a public-facing conversation. Please review and circulate materials to your internal team as needed.

Ring's PR team is copied on this email (via media@ring.com) please be sure to connect with us if you receive any media inquiries.

Neighbors App PR Materials Folder ([click to access](#)) includes:

- Initial social media announcement templates (a great tool for informing the community)
- Key Neighbors App talking points
- Hi-res Neighbors App imagery

Custom Neighbors App Download Link: <https://download.ring.com/arlingtonheights>
Simple Text Code: [REDACTED] from your smartphone. (*not case sensitive*)

Guidelines

- **All public facing messaging and materials that mention Ring and/or the Neighbors App must be approved by both parties**

- **Media inquiries and public requests for information about Ring or the Neighbors App should be flagged with both parties by contacting Ring's PR team via media@ring.com**
- **Per Ring's company policy, we do not publicly disclose any app user or device owner data**
- **Neighbors Portal back-end features should not be shared with the public, including the law enforcement Neighbors Portal on desktop view, the heat map, sample video request emails or the video request process itself as they often contain sensitive investigative information**

That's it for now! We'll be on standby for any questions and keep us posted on any plans for outreach.

All the best,
Kyle Demmin

Hi Alexandra,

Thanks for connecting yesterday!

Before we proceed with activating Arlington Heights Police Department Neighbors Portal, Ring will need to schedule our standard in-app announcement. This message comes from Ring and will be viewable to all Arlington Heights Neighbors app users.

The standard message template can be viewed below (attached) and is simply to inform our users and set the stage for your participation on the app. **Once approved, we can move forward with the training.**

Public Announcements & Responding to Press/Media Inquiries

Once your in-app announcement goes live, I'll follow up with talking points and sample social media posts. Until then, please refrain from external-facing outreach or publicizing of the Neighbors App, Neighbors Portal and/or partnership.

Please be sure to connect with myself as well as Ring's PR team (via Media@ring.com) regarding any inbound media inquiries.

Please reach out with any questions!

Best,
Kyle Demmin

Thank you for the introduction, Alex. If you come across anyone else who is interested in the Neighbors Portal please let me know and I will facilitate necessary steps to disseminating the benefits of our platform to them.

Officer Weger, I hope you're having an excellent week and thank you for finding interest in the Ring Neighbors Portal.

The Ring Neighbors Portal is a web-based portal that allows your agency to connect with community members, share relevant public safety notices, have conversations and quickly request and receive video valuable for proactive crime measures and investigations. You can view a heat map of all active Ring devices and even request video footage from owners of Ring devices if a crime is committed within your jurisdiction. **There is no cost associated with the portal/platform.**

Please let me know your availability for tomorrow and I will give you a call to discuss program specifics.

Before we proceed with activating Arlington Heights Police Department Neighbors Portal, Ring will need to schedule our standard in-app announcement. This message comes from Ring and will be viewable to all Arlington Heights Neighbors app users.

The standard message template can be viewed below (attached) and is simply to inform our users and set the stage for your participation on the app. **Once approved, we can move forward with the training.**

Public Announcements & Responding to Press/Media Inquiries

Once your in-app announcement goes live, I'll follow up with talking points and sample social media posts. Until then, please refrain from external-facing outreach or publicizing of the Neighbors App, Neighbors Portal and/or partnership.

Please be sure to connect with myself as well as Ring's PR team (via Media@ring.com) regarding any inbound media inquiries.

Hi Doug- There is absolutely no rush but if you can get me the MOU by the end of the week, I can have it signed and start scheduling onboarding for Arlington Heights PD.

Please let me know what needs to be done to advance this opportunity.

Can we delegate to a webinar around 10:15 am or reschedule to next week? I hate to switch plans, but I have a pressing matter in Los Angeles that I need to get back for and there is an opportunity to catch an earlier flight. Thoughts?
